Towers On The Grove CONSTRUCTION REMAINS AHEAD OF SCHEDULE!

Traveling down Sea Mountain Highway, the Towers On The Grove South Tower beckons you to the oceanfront. Even with the scaffolding the exterior is spectacular. Its dramatic architecture interplays balcony curves and angles with rows of sparkling glass giving it distinction from every perspective. Once inside, the attention to detail is obvious. Angles and curves continue in dropped ceilings and interior corridors that wind to produce varied floor plans offering boulevard, oceanfront or angle oceanfront views. Add in a color palette that takes traditional beach pastels to exciting, richer hues, custom cabinetry, high-grade granite countertops and large floor tiles laid on the diagonal and it's a given that Towers will be an exceptional oceanfront resort! Call your Hoffman Group sales associate today to take advantage of the limited available inventory.

North Beach Towers

Enjoying one of the most naturally beautiful oceanfront locations on the Grand Strand, the magnificent North Beach Indigo and Jasmine Towers are closer and closer to completion. In this May 1, 2008 aerial photo, you get a good perspective of work in progress. What you truly don't comprehend is the scale of the waterpark...for instance, the long, wavy pool covers 3 units so it's probably 80' long. The 3 rings in the center are pools with swim-up bar. Inside the villas, crews have completed installing cabinetry, tile and granite and have begun plumbing and bath fixtures on the lower levels. Closings are anticipated January 2009. To learn more about the few units still available, call your Hoffman Group sales associate today!

Dunes Village Resort

If you haven't looked at Dunes Village Resort, Phase II you need to! Together the resort's two phases offer the most extensive and elaborate indoor water parks on the Grand Strand. When you add oceanfront amenities including over 500 feet of exceptional beachfront, restaurants, shops and covered parking you understand how Dunes Village recently received a Best Value Rating from TripAdvisor.com and is consistently achieving high-vacation occupancy. Choose from completely renovated oceanfront suites from \$189,900 or 1, 2, 3 or 4-bedroom new construction units. Call your Hoffman Group agent today ? Dunes Village represents the best prices per square foot on the beach!!
