Monterey Bay Suites Resort

A Spectacular OCEANFRONT Redevelopment Project
Opened Fall, 2005 as Condominiums

At 6804 North Ocean Boulevard, the Monterey Bay Suites Resort is located adjacent to one of Myrtle Beach's most exclusive oceanfront single-family home communities. That translates to magnificent views of the ocean and a wonderful pristine beach.

The dramatic styling of the resort and the luxurious one-bedroom suites generated instant demand when the project was released for condominium sales with all 194 oceanfront and oceanview one-bedroom suites reserved within a few weeks. Each unit is fully furnished and features a private balcony and kitchen with full-size refrigerator, range and microwave.

The redevelopment purchase price included an impressive refurbishment package, planned for completion by Spring 2006. Items included are new carpeting, wall treatment, cabinets, furnishings and appliances.

The remarkable amenities include on-site covered parking deck; heated indoor pool, outdoor pool and lazy river on the ground level and a full size outdoor pool on the 10th level. The restaurant, lounge, and registration lobby are direct OCEANFRONT, and feature floor to ceiling glass walls providing guests a spectacular visual treat!

Call The Hoffman Group to learn more about becoming an owner in the exciting Monterey Bay Suites Resort.
